IMMANUVEL STANLEY A

Chennai, India | immanuvelstanley@gmail.com | 9791359491 | LinkedIn | GitHub | Portfolio

SUMMARY

Computer Science undergraduate with hands-on experience in full-stack software development, UI/UX design, and scalable web architectures. Skilled in building interactive applications and production-grade software using modern frameworks, Agile methodologies, and industry-standard engineering practices. Seeking to contribute strong technical fundamentals and a collaborative, problem-solving mindset to a growing IT / software engineering team.

SKILLS

- Programming & Development: Python, JavaScript, React.js, Next.js, HTML5/CSS3.
- Databases & Data Modeling: Supabase, MySQL, MongoDB.
- Tools & Concepts: Git/GitHub version control, RESTful APIs, Figma (UI/UX).

PROJECTS

CODEPLUS — Online Coding & DSA Platform | (Next.js, TypeScript)

- Developed a full-stack competitive programming platform featuring multi-language code compilation, user authentication, and curated coding problem sets.
- Built a responsive, type-safe interface with Next.js and TypeScript, enabling users to solve problems, run code, and track their progress.

Auratrade — Financial Trading Screener | (React, Vite, Tailwind CSS)

- Built a responsive trading interface featuring real-time market data visualization and sleek, interactive UI layouts.
- Optimized component architecture and styling with Tailwind CSS to ensure a seamless, high-performance user experience.

Elementro — Real-time UI Component Editor | (React, TypeScript)

- Created a browser-based interactive component editor from scratch with modular architecture and clean state management.
- Streamlined the full-stack UI/UX workflow to let users visually design and preview frontend components.

EXPERIENCE

UI/UX Designer Intern | Retech Solutions - Chennai **Jun 2024 – Jul 2024**

- Collaborated with a cross-functional development team throughout the software development life cycle (SDLC), translating requirements into technical specifications within an Agile workflow.
- Designed and prototyped UI components in Figma, improving user flow consistency and usability across 3 products through iterative feedback and revision.
- Assisted by senior developers in debugging, testing, and issue resolution, building hands-on experience troubleshooting production code.

EDUCATION

Saveetha Engineering College **Nov 2022 – May 2026**

Bachelor of Engineering in Computer Science | CGPA: 7.8

CERTIFICATIONS

- Cloud Computing — NPTEL (IIT Kharagpur)
- Introduction to Internet of Things — NPTEL (IIT Kharagpur)
- Machine Learning Foundations Program — AWS
- Applied AI Learning Challenge — Microsoft
- Dynamic Public Speaking — Coursera
